

Warm Season Greetings to all members and supporters of Nunca Más

We will soon be saying good bye to 2022 where a lot of positive developments have taken place.

We have more members than ever – 90 paying members and still counting.

We have more volunteers - Close to 20!

We have now 5 financed ongoing projects in 5 different countries on three continents.

We have in 2022 won projects for in total 3.5 million DKR.

We have reached more people in Denmark due to events involving volunteers and partners.

We were at last fortunate to host partners from Zimbabwe and Honduras. They told about the situation in their home countries and our co-operation with their organizations.

We have been active on  and  where we have still more followers.

COVID-19 as a major threat appears fortunately to be over now. As a result of this, Nunca Más has been able to visit all our strong and brave partners and with our own eyes see what they are achieving under much too often risky and otherwise challenging conditions. We are very proud of being a partner of each of these organizations.

All this has only been possible due to your staunch support. From the bottom of our hearts we therefore want to thank you.

We hope you will continue to support us in 2023 so we can continue the positive development of Nunca Más and achieve an even bigger impact in making this world a safer and better place.

The Board of Nunca Más
